Re: EPA Special Case determinations for Los Angeles River and Santa Cruz River

Thanks

Can you send a copy of the recent waxman letter? I was asked about it earlier today

Sent to ADEQ, Tracy and Jon...

Announced today. Press is being handled out of EPA HQ- I will get a contact very soon. Will be in touch to discuss next steps soon, but we need to iron out many details internally. Thanks for your support.

Here's Ben's quote that we are putting into a desk statement now - will get that to you shortly.

"EPA is working closely with the Corps of Engineers to use our Clean Water Act regulatory tools to protect the nation's vital waterways. Our coordinated efforts on the Los Angeles River and Santa Cruz River will help ensure environmental protection and regulatory predictability consistent with recent Supreme Court decisions."
